

## Compensate fishers reeling under loss, demands forum

EXPRESS NEWS SERVICE @ Karwar

THE National Fishermen's Association (NFA) has demanded that the fishermen who have been deprived of earning through their profession due to various reasons from past three years need to be compensated and the government facilities earmarked for fishermen should be extended to them.

Speaking to reporters, Ganapathi Mangrey, President, NFA said that the fishermen in the district are in a very bad shape. "Our fishermen live an adventurous life to make a living just to get a good catch of fish. However, the last three years have been worse for us due to Covid

and other reasons," he said.

He said that a slew of cyclones and other natural disasters contributed to their losses. "There have been eight cyclones since the last three years among them Taukte last year was the worst. Then there was the pandemic for two years and we were restricted from entering the sea. We then witnessed heavy rainfall and frequent bad weather. Many boats have been damaged. The government is very well aware that we are sitting idle, but there was no word from the government to soothe our pains," said Mangrey.

He also pointed out that in some places like Honnavar and Bhatkal, silt accumulation has damaged

boats and other fishing equipment, making life more difficult for fishers.

"A report has been submitted to the government about how the implements have been damaged. The government says it has released compensation, but not a single paisa has reached us," he said and added,

"If a farmer loses crop or equipment due to natural disaster, the government compensates him immediately. However, despite us having written to the government on many occasions to waive the interest on our loans, nothing happened so far," he said and demanded the elected representatives to convince the government on their behalf and ensure compensation to them.
