7, including 2 minors, held for raping 16-year-old girl

Filmed, blackmailed girl; 25-year-old boyfriend is the main accused

EXPRESS NEWS SERVICE @ Bengaluru

IN yet another horrific crime against women, the North East division police have arrested seven persons, including two minors, in connection with the gang rape of a 16-year-old minor girl. The police are on the lookout for one more accused.

The incident occurred in Yelahanka and a police complaint was filed on April 5.

The victim was reportedly in love with a 25-year-old man who allegedly took her to his residence in Yelahanka and raped her. His friend, who was filming the incident, also raped her after blackmailing her.

Both of them then shared the video with their friends who also allegedly raped her by blackmailing her saying that the video would be made viral.

Going by the change in her behaviour as she was always crying, her parents persuaded her and learnt about the horrific incident

"Among the accused two are juveniles. The main accused is the victim's 25-year-old lover. The case is still under investigation as we are checking if there are more accused. The mobile phones with which they

shared the videos have been seized. The phones will be sent to cyber police to check if the content has been shared with anyone else. The incident came to light after the girl returned home crying and her mother questioned her. But the latter fearing wrath from her parents initially told them that she had eaten spicy kebabs following which she was crying," said the police.

After her mother persuaded the victim, the gang rape incident came to light. Her parents immediately approached the police.

The police are checking the birth proofs of the two juveniles to confirm whether they are still minors. The Yelahanka police

have registered a case under different sections, including POCSO

A fire personnel tries to douse the fire after a BMTC bus caught fire at KR Circle in Bengaluru on Saturday All 35 passengers aboard the bus escaped unhurt | EXPRESS

THIRD BMTC BUS UP IN FLAMES IN 79 DAYS!

EXPRESS NEWS SERVICE @ Bengaluru

THIRTY-FIVE passengers of a Bangalore Metropolitan Transport Corporation (BMTC) had a narrow escape when the bus which they were travelling in caught fire in front of SJP Polytechnic near KR Circle on Seshadri Road on Saturday afternoon.

This is the third incident involving the BS4 midi BMTC buses since the last three months. The bus (route number 43B of depot number 20) was heading towards Vidyanagar from Majestic when the fire broke out. The visuals of the bus in flames and thick smoke have gone viral. None of the passengers were injured. The driver, who was reportedly the first to see the smoke inside the engine bonnet, alerted the conductor and the passengers and all of them

hurriedly alighted the bus. Within minutes the bus caught fire. Soon after the incident. the fire control room was informed and a fire tender from Seshadri Road was pressed into service.

It may be recalled that on February 1, another BMTC in which 25 passengers were travelling in had caught fire near Nanda theatre. On January 21, another BMTC bus with 25 passengers caught fire near the Makkalakoota in Chamarajpet area.

Immediately after the first two incidents, the BMTC had stopped the operation of all the 186 midi buses that were procured in 2014 by Ashok Leyland. There was a joint inspection carried out by the technical team of Ashok Leyland and the mechanical engineering division of the BMTC to check the fitness of these buses. The buses which were

found to be fit were sent on route. The BMTC has around 340 midi buses which are operated in the interior parts of

the city on smaller roads. The bus which caught fire on Saturday is also the same model as the buses involved in the two previous incidents. There is a problem with the design of the starter assembly. Suddenly there will be short circuit in the starter assembly which results in fire. After the first two cases, all midi buses were checked and those found to be fit were operated after the change in the faulty starters. The R&D team of Ashok Leyland will be inspecting on Monday and have been asked to rectify the issue. It is totally a design problem as the starters have been designed by the manufacturers", said a BMTC official.

The jurisdictional police have registered a case.

Min: Booster dose for all to strengthen Covid fight

ENS @ Bengaluru

HEALTH and Family Welfare Minister Dr K Sudhakar said the booster dose of Covid-19 vaccine, for those aged above 18 years, will be another step towards strengthening the battle against the pandemic.

The precautionary dose of the vaccine can be taken by those who have completed nine months, or 39 weeks, after the second dose of vaccination, he told reporters on Saturday.

Currently, the first, second and precautionary doses of vaccines are being given to healthcare and frontline workers as well as those above 60 years of age at government vaccination centres. This will be accelerated further, he said.

He also informed that as per data. Karnataka has administered 10.47 crore doses of Covid-19 vaccine. Among the total population eligible for the pre-

cautionary dose, 14 lakh (57.6 per cent) have been vaccinated, he said. Of those above 18 years of age, the state has administered more than 4.97 crore of the first dose vaccine. And it has completed administering the second dose of the vaccine to 4.76 crore people (97.4 per cent). Among those aged between

15 and 17 years, Karnataka has administered 5,23,05,424 (100.4 per cent) of the first dose, and 4,97,08,909 (95.4 per cent) of the second dose. Also the state has administered 13,27,985 first dose of vaccines to children aged between 12 and 14 years. The vaccination for the second dose for this age group will start shortly, he added.

Pvt hospitals can create slots on CoWIN More than 800 private

hospitals in Karnataka, including 100 in Bengaluru, have geared up to administer booster doses to those above the age of 18 from Sunday. They already have adequate doses of the vaccines, and many have even ordered for additional doses, according to Dr Rajashekar Y L, secretary, Private Hospitals and Nursing Homes Association, Karnataka. Asked about many people reluctant to take the booster dose as Covid cases have dropped, Dr Rajashekar said, "Firstly, the booster dose will retain the benefits of the first and second doses. Though the cases have come down, they are sporadic (spread around randomly). so they will be well protected with the booster dose vaccine. A vaccine takes four to six weeks to be effective. So with the prediction of fourth wave by June, it is better to take it," he said.
