MORE CIVILIANS FLEE NORTH GAZA

Over 8.5L have left north, says Israel; Gaza's health system at point of no return, says Red Crescent

KHAN YOUNIS

THOUSANDS of Palestinians streamed onto Gaza's only highway on Friday, fleeing the combat zone in the north after Israel announced a window for safe passage, as officials in the enclave said the Palestinian death toll surpassed 11,000 people.

Amid an intensifying campaign of airstrikes and ground battles in Gaza City, the search for safety in the besieged enclave has grown increasingly desperate. Tens of thousands have walked south, where they face the prospect of ongoing bombardment and dire conditions. Others have crowded into and around hospitals, sleeping in operating rooms and wards.

Gaza medical officials accused Israel of striking near hospitals on Friday, though Israel said at least one was the result of a misfired Palestinian rocket. The Red Crescent called for medical facilities and workers in war-ravaged Gaza to be protected, warning the health system there had "reached a point of no return".

Early Friday, Israel struck the courtyard and the obstetrics department of Shifa Hospital, where tens of thousands of people are sheltering, according to Ashraf al-Qidra, spokesperson at the Health Ministry

in Hamas-run Gaza. A video at the scene recorded the sound of incoming fire waking people up in their makeshift shelters in the courtyard, followed by screams from an ambulance.

The Israeli army has alleged that Hamas hides in and under hospitals and that it has set up a command center under Shifa claims the militant group and hospital staff deny.

The director of Shifa said Israel demanded the facility be evacuated, but he said there was nowhere for such a large number of patients to go.

"Where are we going to evacuate them?" Director Mohammed Abu Selmia asked in an interview on the television network Al Jazeera.

The Health Ministry later said one person had been killed at Shifa and several were wounded. Another strike near the Al-Nasr Medical Center, which includes two hospitals for children, killed two people, according to the ministry.

In all, Gaza health officials said strikes were carried out near four hospitals overnight and early Friday.

A senior Israeli security official said that initial findings indicated that one strike at Shifa was the result of a misfire by militants. The military is conducting a review. The official spoke on condition of anonymity because the investigation is ongoing. *Agencies*

SHOTS FIRED AT CANADA JEWISH SCHOOLS

Montreal: Two Jewish schools in Montreal were hit by gunfire overnight, police said Thursday, amid spiking tensions in Canada over the Israel-Hamas war. School staff arriving in the morning found bullet holes in the front doors of the schools in the Cote-des-Neiges neighbourhood of Canada's second-largest city, authorities said.

There were no casualties. The shootings follow the firebombing of a synagogue in Montreal earlier this week, and clashes between pro-Palestinian and pro-Israel student groups at the city's Concordia University. On Wednesday, Prime Minister Trudeau reported a "terrifying" rise in anti-Semitism and Islamophobia across the country

PRESSURE ON SUNAK TO SACK BRAVERMAN

London: British Prime Minister Rishi Sunak is under pressure to sack his Home Secretary, Suella Braverman, as the row surrounding her controversial newspaper article attacking the Metropolitan Police over its handling of Israel-Hamas protests in London continues to gain momentum on Friday. While Sunak's official spokesperson at 10 Downing Street has said that he has 'full confidence' in the Home Secretary, they did confirm that the contents of *The Times* Op-Ed did not have the full clearance of her boss. "The words that she used are not words that I myself would have used," UK Chancellor Jeremy Hunt told broadcasters when asked about the row.

Poliovirus found at nine places in Pak

ISLAMABAD

AMID signs that Pakistan was close to eradicating polio, a top laboratory for the eradication of the disease here has confirmed the detection of a strain of poliovirus in nine samples collected from across five cities, a report said on Friday.

Pakistan and Afghanistan are the only two remaining polio-endemic countries.

"The regional reference laboratory for polio eradication at the National Institute of Health (NIH), Islamabad, has confirmed the detection of Type-1 Wild Poliovirus (WPV1) in nine environmental samples collected in October," *The News International* reported. "These new detections take the total number of positive environmental (sewage) samples in 2023 to 64." it said.
